READ THROUGH THE  
BIBLE IN ONE YEAR

**Bibles.net**

# WHY THIS PLAN?

Christians often aim to read through the Bible in a year, typically beginning with Genesis on January 1.

This plan lets you start your Bible reading plan on any day of any month.... and we hope you start today!

One goal of this reading plan is to keep moving between the Old and New Testaments, because it's through the New Testament that we understand the Old. This plan includes daily reading assignments that take 20 minutes at most to read, with many taking much less time.

# HOW TO USE THIS PLAN

It functions just like a calendar. Each day of the month is marked with a heading and a daily Psalm. Just go to whatever day it is today, say the 15th, and read the Psalm for that day.

Keep reading the Psalms next to the day number for each day until the end of this month. On the first day of next month, begin with Genesis 1-3 in the dark blue square on Day 1.

For the rest of next month, read the assignment in the dark blue squares (upper left corner). Then, move to the second square (to the right, dark purple) on the 1st of the following month, and so on. Each color represents a month of the year.

We also have a printable version, so that if you prefer you can print it out and tuck it in your Bible, note when you started, and mark off completed assignments.

**If there are many chapters assigned for your day**, read quickly to cover ground and get the big picture. There is a lot of narration in the Old Testament. Just follow the story.

**If there are few chapters**, read slowly, re-read, and soak in the encouragement and truth.

**What about February?** Just add your reading for the 29th to the 28th, and your reading for the 30th to the 1st of next month.

Briefly pray before you read. The Bible is a living and supernatural book. It is applied to our hearts and minds by the Holy Spirit. You can quickly offer up a request in your heart to the Lord, that he will use the words you read as he has promised to do: to help you, to encourage you, to teach you, and to grow your trust and faith in him. He loves to answer these prayers and you will be amazed at how often your reading for the day meets you right where you are.

## OPTIONS FOR DEEPER STUDY

### The Psalms

The Psalms are sacred songs of prayer and praise, showing almost every human emotion. They show us how to relate to God very personally. You will read through the book of 150 Psalms in this plan, but the Psalms at the top are like a “greatest hits” album. They are verses Christians have turned to again and again—like the most well-known Psalm 23 which begins: “The Lord is my Shepherd...”. To grow in relating with God, you could also read the Psalm on days when your reading assignment is light or you have extra time.

### Ask Questions

Take notes on your reading by asking these five questions of your assigned passage:

1. What does this section tell me about God?
2. What does this passage tell me about myself?
3. Is there a promise to claim?
4. Is there a sin to avoid?
5. Is there a command to obey?

### Proverbs

The Proverbs contain small treasures of practical wisdom and are wonderful to chew on through your day. It’s easy to quickly read a chapter of Proverbs, perhaps at a different sitting than your regular reading time. Match the date to the chapter number: read Proverbs 1 on the 1st of the month, Proverbs 2 on the 2nd, etc. This is extra from the plan, but you may enjoy it.
